

# THOUSANDS ARE MADE IDLE BY STRIKE OF RAILROAD YARDMEN

INDUSTRIES IN MANY SECTIONS  
OF THE COUNTRY FORCED  
TO CLOSE BECAUSE OF  
CAR SHORTAGE

## FOOD FAMINE FEARED

Hundreds of Cars Loaded With Food  
Are Standing on Switchtracks  
and Starvation is Feared—  
Union Officials Are  
Worried

By United Press Leased Wire  
Industries in many sections  
of the country were closing down to-  
day because of inability to obtain  
supplies as a result of the "un-  
authorized" strike of railway  
yardmen and switchmen.

The strike, which started in  
Chicago, has spread to the leading  
railway centers of the nation from  
New York to San Francisco. Es-  
timates placed the number of  
striking at approximately 25,000  
men.

Railroads reported passenger  
service still unaffected, but thou-  
sands of cars loaded with food  
supplies stood on the switches.  
The food situation in many cities  
will become serious in case the  
strike continues another week, au-  
thorities believed.

Shortage of coal was the first  
result of the strike felt by indus-  
tries. Steel plants in Buffalo, Pa.,  
and other centers were forced to  
close because of lack of coal. Coal  
mines in the Illinois and Indiana  
fields were shutting down.

Live stock centers received only  
small supplies of stock. Fifty  
thousand men were idle in Chi-  
cago, according to estimates.  
Officials of the railroad brother-  
hoods are publicly opposing the  
strike. They said the walkout was  
the result of organization of a  
"rump" union.

Start Investigation  
Investigation of the strike was  
started by the department of jus-  
tice under direction of Atty. Gen.  
Palmer, with the view of possible  
action under the Lever act. This  
law was invoked in ending the  
strike of bituminous coal miners  
last winter.

A resolution providing for an-  
other investigation is before the  
Senate. The resolution was in-  
troduced by Senator McCormick of  
Illinois, who declared congress  
must act immediately, unless the  
executive branch of the govern-  
ment takes steps to end the strike,  
in order to prevent a serious short-  
age of food.

The American Federation of La-  
bor apparently has taken no hand  
in the strike. Leaders of the fed-  
eration declared their belief that  
the regular organized unions  
would be able to control the sit-  
uation.

May Appeal to U. S.  
Chicago, Ill.—Threatened by a re-  
volution in its ranks as a result of  
the growing strike of insurgents among  
railroad switchmen, organized rail-  
road labor today considered appeal-  
ing to the government to take drastic  
steps to quash the strike.

S. E. Heberling, president of the  
Switchmen's Union of North Amer-  
ica, was ready to go so far as to ap-  
peal to the government for an in-  
junction along the same lines as the  
one which broke up the coal strike.  
He indicated in speeches here.

"We are still at war with Ger-  
many," said Heberling. "The Lever  
law still exists."  
The strike today had spread  
throughout practically the whole of  
the middle west. More than a score  
of middle western towns reported  
switchmen out, with sympathetic  
walkouts of engineers and firemen in  
many places.

Among cities reporting strikes  
were Detroit, Salt Lake City, Omaha,  
Saginaw, Mich., Los Angeles, Kansas  
City, East St. Louis, San Francisco,  
Decatur, Ill., New Orleans, Joliet,  
Louisville and Oregon.

Famine is Feared  
Thousands of freight cars, many  
containing food for cities where food  
difficulties are threatened if the  
strike lasts three or four days more,  
stood idle on railroad tracks today.  
Coal mines in Illinois and Indiana  
today considered the possibility of  
being forced to shut down because of  
lack of coal cars. In southern Illinois  
some mines were already closed.  
Ninety-four mines in Indiana closed  
yesterday. These mines have a to-  
tal daily production of close to 100-  
000 tons.

The strike of switchmen in Rose-  
dale, Kansas, a suburb of Kansas  
City, will be taken before Kansas  
new industrial court for solution. At-  
torney General Richard J. Hopkins  
was to proceed there today on in-  
structions of Gov. Henry Allen to use  
all the powers of the state to enforce  
the industrial court law.

Many Will Be Idle  
Continuance of the strike further  
than Saturday means hundreds of  
thousands thrown out of work. Huge  
armies of workers were threatened  
with a shut down because of inabil-  
ity to get coal to keep their factories  
and mills going.  
The Chicago stock yards today was

## U. S. Plans To Take Hand In Yards Strike

Investigation by Department of Jus-  
tice and Congressional Action  
are Contemplated by Gov-  
ernment Officials  
Today

(By Ralph F. Couch)  
By United Press Leased Wire  
Washington.—The department of  
justice has begun an investigation of  
the railroad strikes in Chicago and  
other cities to determine whether  
action can be taken under the Lever  
law. It was announced today at the  
office of Attorney General Palmer.

The senate today ordered an in-  
vestigation of the railroad strike.  
Without debate it adopted the Mc-  
Cormick resolution directing the  
senate interstate commerce com-  
mittee through a subcommittee to in-  
vestigate and report immediately on  
the causes and purposes of the strike.  
Officials of the big unions were  
bitter against the men who quit their  
jobs without the sanction of head-  
quarters and there were indications  
that the long awaited fight between  
the conservatives and the radical  
for control of the trades union  
was at hand.

May Use Injunction  
District Attorney Cline at Chicago  
has been instructed to make a report  
at once on the strike there.

Palmer, who was expected to re-  
turn to Washington tomorrow or  
Sunday, from Georgia, where he is  
campaigning, may start back today.  
During Palmer's absence, the sit-  
uation is being handled by C. B.  
Ales, assistant attorney general.

Injunction proceedings may be  
started to break the strike. This  
strike is different, it was pointed out,  
from the coal strike where the walk-  
out was the result of a movement  
directed by an organized union.

Sen. McCormick, Illinois, who yes-  
terday introduced a resolution for  
senate investigation of the strike,  
planned to ask that the committee  
on contingent expenses consider it at  
once, so that the investigation may  
get under way by Monday.

Want Wilson to Act  
It was suggested today that con-  
gress might pass a resolution au-  
thorizing the president to appoint a  
special adjustment board for this  
particular controversy on the condi-  
tion the strikers return to work  
pending outcome of arbitration.

The idea that the government  
might have to take over the railroads  
if the strike continued did not ap-  
pear to impress senators. They said  
that was not the way to handle the  
problem.

The strike is almost certain to in-  
crease prices throughout the country.  
Economic experts agreed here today.

Hits Entire People  
"Interference with transportation  
nearly always increases prices," said  
Dr. Royal Meeker, head of the statis-  
tics bureau of the labor depart-  
ment. "I don't know exactly what  
effect this strike will have because I  
have not studied it carefully."  
Prices of perishable foods already  
are soaring in Chicago and other  
cities affected, reports received here  
today showed.

"The strike probably will affect  
more people directly than a walkout  
of any other class of workers," said  
Statistician Cunningham of the con-  
ciliation bureau, labor department.  
"The effect of a transportation  
strike is speedy and direct. It con-  
tinued for any length of time, a  
transportation strike is likely to  
close factories and cause a fuel fam-  
ine."

## LONE BANDIT ROBS MAIL CAR OF SANTA FE TRAIN

By United Press Leased Wire  
Kansas City, Mo.—A lone robber  
boarded west bound Santa Fe train  
No. 9 last night at Hiettville, Mo.,  
held up the four mail clerks and rifled  
the mail coach. He jumped from the  
train with his loot at Sheffield, a  
Kansas City suburb. Postal offi-  
cials said the extent of the haul is  
unknown.

The bandit hopped through the  
mail car door as the train pulled out  
of Hiettville. His face was covered  
with a white handkerchief. He back-  
ed up a demand for the "money"  
with a business-looking automatic.  
He forced one clerk to bind his  
fellow workers. Then he bound his  
unwilling helper with the four men.  
The masked man then went quickly  
to the registered mail and after scrib-  
bling over the packages for half an  
hour he filled his pockets.

When the train pulled into Shef-  
field the bandit opened the door op-  
posite the station and disappeared.

Frank Toulton, high school inspec-  
tor of the State Board of Education,  
spent the day in this city at the col-  
lege. Mr. Toulton is a graduate of  
Lawrence college of the class of  
1901.

H. L. Dawson returned last evening  
from a business trip of several days to  
Chicago.  
Miss Gladys Murphy of Burlington  
is here for a two weeks' visit with  
friends.

## FRANCE FAILS TO GET APPROVAL OF ALLIED NATIONS

GREAT BRITAIN HOLDS THAT  
FRENCH ACTION IS HASTY  
AND UNJUSTIFIED—  
MUST GO IT ALONE

## BELGIANS SEND TROOPS

Reinforcements are Sent to Occupa-  
tion Army—German Reichstag  
Meets to Discuss Prob-  
lems Brought About  
by Occupation

(By Ed. L. Keen)  
By United Press Leased Wire  
London.—France acted without  
the approval of Great Britain, Italy  
or the United States when she occu-  
pied the German Rhine cities, ac-  
cording to authoritative information  
here today.

The Allied attitude was made  
known following two long sessions  
of the British cabinet and a confer-  
ence between M. Cambon, the French  
ambassador and Prime Minister  
Lloyd George.

Action Unjustified  
The Allied agreement in the op-  
inion of observers here, had been  
split at least temporarily, with Great  
Britain and Italy on the one side and  
France and Belgium on the other.

A dispatch from Brussels said the  
Belgian government, with the ap-  
proval of King Albert, had sanctioned  
the French move and agreed to send  
detachments to assist the French oc-  
cupation army forces.

Great Britain, it was learned, has  
entered into negotiations with the  
French government to bring about  
an adjustment of the delicate situa-  
tion created by what the British  
statesmen consider France's hasty  
and unjustified action in the Rhine  
advance.

Should Withdraw  
The British position, according to  
information today, was that France  
should have accepted Germany's  
pledge, that she would withdraw  
troops from the Ruhr basin as soon  
as order was restored, at its face  
value and that retaliatory measures  
should not have been taken, until  
Germany's bad faith had been  
proved.

Great Britain still considers the  
Ruhr incident as a German interna-  
tional affair and holds to her atti-  
tude that Germany should be allowed  
to settle her own troubles until it  
has been proven she cannot do so.  
France, the British government  
feels, should not ask her Allies to  
assume responsibility for a step taken  
without their sanction.

It was learned officially that Ger-  
many has protested to the Allies on  
the occupation of the Rhine cities as  
a direct violation of the League of  
Nations covenant.

German Excitement Passes  
Frankfurt.—The third night of  
French occupation passed quietly.  
Cities were pessimistic. They ex-  
pected French troops to remain for  
weeks.

The excitement of the early days of  
French control had changed to a grim  
calm which seemed only the surface  
of widespread discontent.

Even the radical independent so-  
cialists who greeted the French ar-  
rival with cheers, welcoming it as a  
blow to the prestige of the Berlin  
government, had begun to look upon  
the French as intruders. Working  
classes fear a food shortage.

Local press comment was reserved  
bearing evidence of editorial fear of  
the French authorities.

The Volksrecht voiced popular  
sentiment in mild terms when it ex-  
pressed "hope the French would quit  
Frankfurt soon."

Editors were said to have been  
threatened with imprisonment if they  
published statements objectionable  
to the French.

It was announced officially that the  
police hour will be extended to 11 p.  
m. as soon as the French authorities  
have become certain the people will  
remain calm.

## Reichstag Meets

(By Carl D. Groat)  
Berlin.—The Reichstag was called  
to meet Monday.

The government desires advice  
from the various political parties. It  
was learned, on the important pend-  
ing questions. The session will be  
of the greatest importance, political  
observers believed, because of the  
admitted seriousness of the situation  
caused by French occupation of the  
Rhine cities.

Reduction of the army, as pro-  
vided by the peace treaty, was to be  
considered, together with the prob-  
lems brought up by French occupa-  
tion.

The belief prevailed here that  
France will prolong her stay in  
Frankfurt and other Rhine towns on  
the pretext that reduction of the  
German army had not been completed  
and that the German forces in the  
Ruhr district had not been removed.

Reports here today told of a new  
communist outbreak in the region of  
Tangermunde, where the reds were  
said to have declared a soviet re-  
public.

Belgians Send Aid  
Brussels.—The Belgian government  
decided to send a regiment of troops  
to co-operate with the French in  
their occupation of German cities in  
the neutral zone.

## FREE DELEGATES TO HAVE CONTROL OF CONVENTIONS

VAST MAJORITY OF DELEGATES  
SELECTED THUS FAR WILL  
GO TO MEETING UNIN-  
STRUCTED

## MANY MORE TO BE PICKED

Only One Third of the Republican  
and One Quarter of Democratic  
Delegates Have Been  
Elected—Many Pri-  
maries in April

(By Harold D. Jacobs)  
By United Press Leased Wire  
New York.—Twenty-two of the 48  
states have selected delegates to the  
republican national convention, ei-  
ther by primary elections or con-  
vention. Thirteen of the states  
picked their democratic delegates.

Republican delegates have been  
named in the following states: Ari-  
zona, Connecticut, Florida, Georgia,  
Kansas, Kentucky, Louisiana, Maine,  
Michigan, Minnesota, Mississippi,  
New Hampshire, New Mexico, New  
York, North Carolina, North Dakota,  
Oklahoma, Rhode Island, South Dak-  
ota, Virginia and Wisconsin.

Democrats have acted in these  
states: Arizona, Iowa, Maine, Michi-  
gan, Minnesota, Nevada, New Hamp-  
shire, New York, North Carolina,  
South Dakota, North Dakota, Okla-  
homa and Wisconsin.

Majority Unfettered  
The 22 republican primaries and  
state conventions already held rep-  
resent 362 of the 984 delegates who  
will be at the national convention. Of  
these 95 are instructed and 248 unin-  
structed. Nineteen are contested.  
Added to these are two uninstructed  
delegates from the Philippine Is-  
lands. To carry the republican nom-  
ination a candidate must have at  
least 493 delegates.

In the 12 democratic primaries and  
conventions 292 delegates have been  
selected, of which 73 are pledged and  
219 unpledged. There will be 1,092  
delegates at the national convention  
and 738 are necessary for a choice.

About one third of the republican  
delegates thus have been selected  
and less than one third of these have  
been instructed. If this ratio is  
maintained less than 300 delegates  
will go to the convention definitely  
pledged to any candidate.

Slightly more than one quarter of  
the democratic delegates have been  
chosen and about one quarter of  
these are pledged. Providing the  
same ratio obtains for the states yet  
to act the instructed delegates at the  
national convention will total around  
300.

Election in April  
Republican delegates will be se-  
lected this month as follows:

April 13, Illinois primary; April 14,  
Tennessee convention; April 20, Neb-  
raska primary; April 22, Iowa con-  
vention; April 23, Montana primary;  
April 24, Nevada convention; April  
27, New Jersey, Ohio, Idaho and  
Washington convention; April 28,  
Kansas convention.

Democratic primaries and conven-  
tion will be held as follows:

April 17, Illinois convention; April  
20, Georgia and Nebraska primaries;  
April 22, Kansas and Missouri; April  
23, Montana primary; April 27, Mas-  
sachusetts, New Jersey and Ohio pri-  
maries.

## YARDMEN'S STRIKE ADDS TO GOTHAM'S LABOR TROUBLES

## WORKERS IN MILK STATIONS AND FREIGHT TERMINALS QUIT AND ENDANGER MILK SUPPLY

By United Press Leased Wire  
New York.—Switchmen and yard-  
men on five railroads in New Jersey  
and New York today joined strikers  
on marine equipment of the rail-  
roads.

Fear for the city's food supply was  
expressed when workers in milk sta-  
tions and freight terminals handling  
much of the food for New York  
walked out.

Trains were running on all lines  
but were from fifteen minutes to an  
hour behind schedules, delaying  
thousands of commuters from sub-  
urban cities.

The strike which began with an  
"outlaw" organization of railroad  
workers in Chicago over a week ago,  
first appeared here when several hun-  
dred switchmen and yardmen in  
Jersey City freight yards quit. The  
strike gained its first foothold in  
New York early today when switch-  
men in the New York Central yards  
and milk stations walked out.

It was estimated that 2,000 yard-  
men were out in addition to the 4-  
000 striking railroad marine work-  
ers. Railroad officials said the yard-  
men made no demands and they  
know no reason for the strike.

The terminal workers, when they  
struck a week ago, declared they  
were protesting efforts of railroads  
to circumvent the eight hour day by  
selling marine equipment to inde-  
pendent companies which work on a  
ten hour basis.

Fortin.—French reinforcements  
have been sent to Frankfurt, accord-  
ing to the Tageblatt.  
The newspaper said three regi-  
ments of infantry and many tanks  
crossed the Rhine yesterday from  
Strasbourg, for destinations in Ger-  
man territory.

## WAR END EFFORT SURE OF DEFEAT, DEMOCRATS AVER

OPPOSITION OF PEACE RESOLU-  
TION CERTAIN WILSON WILL  
REFUSE HIS AP-  
PROVAL

## A FUTILE PERFORMANCE

Clark Asserts Peace Resolution Will  
Lead America Into Interna-  
tional Tangle—Twenty at  
Least, Republicans Say

By United Press Leased Wire  
Washington.—President Wilson is  
certain to veto the resolution declar-  
ing peace, which is expected to pass  
the house late this afternoon, Champ  
Clark, democratic leader, declared in  
today's debate on the measure.

The resolution will never become  
effective and the republicans in try-  
ing to pass it are "like the bull which  
tried to butt a railroad train off the  
track," Clark said.

He expressed doubt that the resolu-  
tion would receive a majority in  
the senate.

It is a futile performance signifi-  
cantly nothing except a desperate and  
unavailing effort, not to make peace,  
but to make political capital that is  
apt to act as a boomerang," the dem-  
ocratic leader said. "Instead of mak-  
ing peace it would lead us into all  
sorts of international trouble."

All congress can do is to repeal the  
war laws, which should be done at  
once, he said.

Representative Ferris, Oklahoma,  
chairman of the democratic congress-  
ional campaign committee indicated  
that the president would soon re-  
submit the treaty to the senate.

Representative Flood, Virginia,  
leading the fight against the resolu-  
tion announced he will seek to sub-  
stitute for it a resolution which re-  
peals the war laws but makes no  
mention of declaring peace.

Representative Madden, Illinois,  
republican, declared accepting the  
peace treaty unless amended would  
have made it necessary to send Amer-  
ican troops over the world at the  
order of foreign powers.

"If Americans could realize that  
there are positively millions of lean,  
hungry, and faced, tubercular chil-  
dren in Germany today, the peace  
resolution would be immediately  
passed," said Representative Britten,  
Illinois.

"I firmly believe that unbiased stu-  
dents of world diplomacy are practi-  
cally in accord on the opinion that a  
tremendous blunder was made at  
Versailles and that the peace treaty,  
if not rewritten, will have to be  
materially readjusted by the league of  
nations, not only in the interest  
of Germany and Austria but in order  
to save Europe from itself in the  
advance of Bolshevism and terrorism  
which is being kindled in practically  
every European country, including  
England."

## GERMAN REBEL BAND REVOLTS AND SLAYS SEVERAL OFFICERS

## "SOLDIERS' COUNCIL" DESTROY OF ENTERING POLITICS —STIRS UP TROUBLE IN THE RANKS

By United Press Leased Wire  
Berlin.—Two battalions of the  
Baltic marine brigade at Daberbich  
camp, near Berlin, mutinied last  
night, killing several officers. It  
was reported here today.

The brigade was one of the chief  
supporters of the recent Von Kapp  
insurrection. It refused to disband  
as ordered by the government after  
the Von Kapp movement dissolved.

Captain Eberhardt, commanding  
the brigade, claimed the fighting was  
between his troops and attacking  
rebel-wh, but this statement was  
denied from several sources. Mem-  
bers of the brigade said it was mu-  
tiny.

The situation was reported still  
critical the mutineers refusing to  
surrender to the company command-  
er.

The cause of the outbreak was not  
clear. Apparently it came when the  
men refused to follow political plans  
of their leaders. Eberhardt had an-  
nounced the brigade would leave  
soon for Munster.

The mutineers were reported led  
by a "soldiers' council" which plan-  
ned to enter politics on its own be-  
half.

Firing continued throughout last  
night and today, according to reports  
in the city.

Meantime reports of a new revolu-  
tionary army movement were cur-  
rent in Berlin.

It was known the revolutionary  
elements planned a demonstration  
at the opening of reichstag, but au-  
thorities were seeking to prevent a  
repetition of the clash of January  
13, when many people were killed as  
crowd attempted to rush the parlia-  
ment building.

Radicals today started an agita-  
tion for another strike.

Get British Reply  
Paris.—The British reply to the  
French note asking an expression on  
French occupation of the German  
Rhine cities, was handed to French  
officials this afternoon.  
The reply was unfavorable to the  
French position. It was understood.  
Conversations with the British  
government on French occupation  
will be resumed, it was expected.

# TO ELECT DIRECTORS FOR NEW CHAMBER OF COMMERCE ON MONDAY

## BIG ADDITION TO RELIANCE PLANT NEARLY ASSURED

ENTHUSIASTIC MEETING OF THE  
STOCKHOLDERS IS HELD  
HERE YESTERDAY—  
GROWING

Construction of an addition to the  
Reliance Motor Truck company's  
plant may be started within the next  
sixty days as the result of an enthu-  
siastic meeting of stockholders at the  
company's office yesterday after-  
noon. Reports of the officers indi-  
cated that the company is in a pros-  
perous condition and that more room  
is required to take care of the in-  
creasing business.

The contemplated addition will be  
80 feet wide by 100 feet long. It  
will be used to house the paint shop,  
pattern shop, repair shop and the  
store room, leaving the main build-  
ing entirely for manufacturing  
trucks.

Nearly 400 stockholders attended  
the meeting. More than \$348,000  
worth of stock was represented, ei-  
ther in person or by proxies.

Reports showed that the com-  
pany's production is being constan-  
tly increased. Forty five trucks are  
now manufactured monthly at the  
plant. The production schedule calls  
for an increase to 75 trucks a month  
after July 1, and 100 trucks a month  
after January 1, 1921. The com-  
pany has enough orders on its books  
to keep the plant operating for many  
months and many large contracts are  
being refused because the plant is  
not large enough to take care of the  
order, officers reported.

Agencies have been established in  
several South American countries,  
and many orders are being received  
from foreign lands. Stockholders  
were told. Several orders from Ger-  
many and France are being held in  
abeyance because of the unfavorable  
exchange situation. It was said.

Three directors whose terms ex-  
pired were reelected. They were A.  
C. Brusewitz, W. G. Jamison and  
Charles Schmidt, the latter of  
Wrightstown. Officers were elected  
as follows: President, John M. Balli-  
et, Appleton; vice president, A. G.  
Brusewitz, Appleton; secretary, C.  
L. Rumpf, South Milwaukee; treas-  
urer, Roy Moore, Burlington.

Diet addresses were delivered by  
O. P. Schaefer, P. H. Ryan and E. H.  
Harwood, all of Appleton.

## FOOD RATIONING IN MIDDLE WEST MAY BE NECESSARY

## CONTINUATION OF STRIKE AND TRITTY OF SUPPLIES WILL CAUSE SER- IOUS HARDSHIPS

(By Don F. Chamberlain)  
By United Press Leased Wire  
Chicago, Ill.—Food rationing in  
the middle west may be necessary if  
the strike of "outlaw" railroad union  
continues two weeks more,  
wholesale grocers here said today.

Rationing of a year is certain if the  
strike isn't called off before Monday.

With practically every wholesale  
grocery house in Chicago out of  
from its supply of flour, sugar and  
other table staples, steps looking to-  
ward conservation were being taken  
by wholesalers who expected to be-  
gin cutting down on orders to local  
retailers next week.

According to a survey of whole-  
salers, Chicago has a three day sup-  
ply of sugar.

The flour supply is expected to  
last two weeks.

The canned goods supply is suf-  
ficient for a month.

Enough coffee is on hand to give  
Chicago its morning cup at least two  
days. Should the strike extend be-  
yond a month the only thing left to  
eat would be prunes and apples.

Chicago is better situated than  
other cities, grocers said.

Practically no shipments of food  
are being made to outside points,  
wholesalers agreed.

"Very little is coming into us," it  
was told by Franklin McVeech and  
Company. "We are unable to send  
anything out. Some railroads are  
taking some merchandise but we  
don't know what they are doing with it."

Chicago and vicinity was supplied  
with meat today by a fleet of motor  
trucks and lake steamers. Lake boats  
furnished Waukegan, Ill., with meat  
today. Refrigerator cars were idle.  
In other sections of the country,  
branch houses supplied customers by  
use of motor trucks.

Entertains at Dinner  
W. K. Miller of the Wood Products  
Company, was the host at a dinner  
party at the French room at the Sher-  
man House Thursday night for a  
number of jobbers and salesmen. An  
informal discussion was held after  
the dinner.

## MEETING OF ENTIRE MEMBERSHIP IS TO BE HELD AT THE COURTHOUSE MONDAY EVENING

## ELECT 15 DIRECTORS

Nominating Committee Will Arrange  
for Balloting and Will Submit  
Thirty Names—Want Every  
Member to Attend the  
Meeting

Directors of Appleton's new Cham-  
ber of Commerce are to be elected at  
a meeting of the entire membership  
in the circuit court room of the court-  
house at 7:30 o'clock Monday eve-  
ning, April 12. Cards notifying the  
members of the meeting have been  
mailed. The notices are signed by  
J. D. Steele, August Meyer and A. H.  
Kriguer, signers of the articles of in-  
corporation.

Mr. and Mrs. W. C. Wine have just returned from their trip to England and the Middle Atlantic states and it is Mr. Wine's intention to attend the annual meeting of paper manufacturers at New York before returning.

## GUSTAVE KELLER IS REELECTED DIRECTOR OF BADGER JEWELERS

APPLETON PEOPLE RETURN FROM MEETING OF JEWELERS AT MILWAUKEE THIS WEEK

Mr. and Mrs. Karl Keller and Gustave Keller returned today from Milwaukee where they attended what they term one of the finest conventions ever held by the Wisconsin Retail Jewelers association. Gustave Keller was re-elected to the board of directors.

The following officers were elected: President, John H. Southworth of Milwaukee; vice-president, John P. Heiss, Fond du Lac; secretary, A. W. Anderson, Neenah; treasurer, Henry F. Stecher, Milwaukee; directors, William H. Upmeyer, Milwaukee, Hiram P. Smith, Racine; Gustave Keller, Appleton; J. R. Chapman, Oshkosh, and Thomas J. Dale of Kenosha.

A stand was taken against the practice of loaning watches while those owned by patrons were being repaired, because of the necessity of carrying an investment in watches for this purpose and being obliged to keep them in repair.

Free engraving will also be done away with throughout the state. Engravers command good salaries and under present conditions it was held that the expense of engraving was too great to be borne by the jewelers.

The apprenticeship law as laid down by the industrial commission was heartily endorsed by the convention and full cooperation promised. The craft has found it difficult to obtain the needed artisans in jewelry manufacture and re-

pairing and therefore will help to push the comprehensive movement now on foot to increase the number of apprentices.

Among the most interesting reports given was that of the fire insurance department of the association. It was shown that the National Jewelers Mutual Fire Insurance company, which was created by the Badger jewelers and incorporated in this state added over a million dollars worth of insurance during the last year, which brings the total in force close to \$3,000,000. A dividend of 33 1/3 per cent will be returned to the jewelers this year, leaving approximately \$40,000 worth of accumulated assets still untouched by the company. The organization has been in existence about five years and has declared a dividend of from 20 to 33 1/3 per cent every year.

Milwaukee will entertain next year's convention.

KAUKAUNA MAN NEAR TOP IN PEORIA MEET

F. Hugenberg of Kaukauna rests in sixth place in the American Bowling congress which is drawing to a close at Peoria, Ill. He rolled a score of 683 in the singles Tuesday, placing him near the top of the list of the best bowlers of the country.

The highest single game of the tournament was rolled by L. Mertz of Fond du Lac, who achieved a score of 298. With his other games, he was given a score of 644 in the individuals. Peoria bowlers are now bringing their teams into action in an attempt to change the leaders as the tournament comes to an end.

## SHAWANO WINS THE STATE HIGH SCHOOL DEBATING TITLE

NORTHERN CITY DEBATERS TRIUMPH OVER SPARTA HERE LAST EVENING—HONORS AWARDED

Shawano high school won the state debate championship from Sparta last night by eleven points. Shawano's affirmative team won the debate with Sparta's negative by a vote of two to one, but her negative team lost to Sparta by the same vote. However, Shawano lost only five points in her losing debate and gained sixteen in the other, which gave her the championship without question. At the reception which followed the debates, Shawano was presented with the championship cup and both schools were given banners.

One man in each of the four teams on Lawrence scholarship by exceptional work. The scholarships are for one year and were awarded to Gerald Foster and Stewart McCoy of Sparta; Harold Seering and Harvey Blake of Shawano.

The debates were held under the auspices of Lawrence college, organizer of the Wisconsin interscholastic debating league. The Shawano affirmative and the Sparta negative teams met in the old chapel, while the other debate was held at the same time in the auditorium of Lawrence conservatory. Those who upheld the affirmative for Shawano were Harold Seering, Gertrude Dietzger, and John Gallagher; negative debaters were Roy Schell, Juanita Drey and Harvey Blake. The members of Sparta's affirmative team were John Sullivan, Joseph Morris, and Stewart McCoy; of the negative team, Ray Herman, Herman Tomlinson, and Gerald Foster.

## FIND CIGARETTES IN RUSSELL SAGE HALL; 5 EXPELLED

THREE GIRLS AND TWO BOYS FORCED OUT OF LAWRENCE FOLLOWING VACATION ESCAPE

Five Lawrence students have been expelled from college for the remainder of the year as the result of action taken yesterday afternoon by the discipline committee. The students expelled are the Misses Gertrude Fisher, Hudson; Madge Clynic and Elizabeth Hopkins of Winnebago, Minn.; Morey Pieveger, Appleton, and Lawrence Sliger, Hudson.

The action was taken as the result of a vacation escapade. When Lawrence closed March 26, for spring vacation, Russell Sage was closed and girls remaining were forced to take up residence in Smith house or Ormsby during the interval.

Find Cigarette Ashes  
However, two of the girls and one of the men expelled were found Sunday afternoon, following the closing of school, in the Russell Sage parlors by the Dean of Women. When asked how they had gained entrance they said they had found a key on the front porch. The dean took the key away from them and ordered them out. Upon investigation she found cigarette ashes lying about in the parlor and the same conditions in one of the girls' room, which was also full of smoke.

The second act occurred Sunday morning, when the dean found the three girls at Russell Sage where they had stayed all night. According to their own testimony they had returned to the dormitory Saturday night in the company of the men implicated, who had aided them in making an entrance through one of the windows.

Testimony Conflicts  
Action in regard to the matter was delayed until yesterday because of the inability of the committee to get at the facts because of the conflicting testimony. Final action was taken on charge of breaking into a locked building, falsifying testimony, the second entrance into the building, and unexplained smoke and cigarette ashes in the building.

## GETS DIVORCE BECAUSE SHE WAS DENIED SUPPORT

Nellie McCarey was granted a divorce in municipal court Wednesday from her husband, Alfred R. McCarey on the ground of cruel and inhuman treatment. The couple was married at Minneapolis, Feb. 3, 1913 and has one son, Robert Emmett McCarey, aged five years.

The plaintiff charged in her complaint that during their married life the defendant wasted his time and neglected to work and earn a living for himself and family, and that it became necessary for her to continually work in order to provide maintenance for herself and child.

The couple resided at Minneapolis until March 3, 1918, when the plaintiff and defendant separated because of the defendant's conduct towards the plaintiff.

Mrs. McCarey charged her husband with cruel and inhuman treatment; with failing to care and support her, and also with excessive use of intoxicating liquor on which he wasted his earnings.

Plaintiff also charged him with striking her without cause and during the month of February, 1918, he compelled her to go to the home of her mother in Appleton.

Mrs. Chris Jensen of Niagara is visiting the home of her parents, Mr. and Mrs. Frank Calmes. While here she submitted to an operation on her throat at St. Elizabeth hospital, and is doing nicely.

**APPLETON MAN GETS \$1,000,000 CONTRACT**

GREEN AND SONS TO REBUILD SEWER SYSTEM OF ANDERSON, IND.—TWO YEARS ON THE JOB

One of the largest drainage contracts executed this spring in the middle west involves a prominent Appleton man, Major Charles A. Green.

The contract is for rebuilding the sewer system of Anderson, Ind., a city of 30,000 people, and has been awarded to Green and Sons company of Chicago, in which the major owns a third interest. The contract will involve a million dollars.

Major Green returned to Appleton last evening for a stay of a week or more, after having been in Monmouth, Ill. for six weeks where he visited one of the company's sewer tie plants. He will personally superintend the building of the immense sewer, which will require his presence at Anderson for the next two years, the work starting sometime in May. The sewer will be from 42 to 96-inches in diameter and will be built of segment blocks similar to the one recently erected in Appleton.

**KID GLOVES IN BROKEN LOTS.**

Most all sizes in greys, tans, modes and white, \$3.50 and \$3.25 values. SATURDAY'S SALE PRICE \$2.75 a pair. PETTIBONE'S GLOVE SECTION.

**SET FOR WRESTLING MATCH HERE TONIGHT**

Kid Hanson, Madison, tackles George Vasell, Chicago. Greek heavy-weight, in the wind-up of the wrestling show at the armory-tonight.

Both grapplers arrived in the city yesterday after completing their training.

While both grapplers are big men, the bout will be exceptionally fast. Hanson is quick on his feet and Vasell is also a fast stepper. The men will be about evenly matched in weight.

Interest in the bout is growing rapidly and arrangements are being made to handle a capacity crowd.

Young Brautigan and Kid Lafond, two local grapplers, will wrestle in the preliminary to the main bout. They scale about 125 pounds.

W. L. Rhodes, Green Bay, will referee the bouts tonight.

The rhetorical program at the high school Thursday afternoon consisted of three numbers, as follows: "The Song My Paddle Sings," Olive Stinson; "Black Eyed Rebel," Grace Zuehlke; "Lucy Dill's Wedding," Naomi Clark.

The Fourth Ward Athletic association will give a dance this evening at the Fourth ward school building, Branch No. 28, Catholic Knights of Wisconsin, will hold its regular meeting Sunday afternoon at Columbia hall.

**After Whooping Cough—What?**

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vick's VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vick's is most valuable.

Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a tunnel so the vapors arising may be freely inhaled. If the cough is annoying swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vick Chemical Company, 234 Broad Street, Greensboro, N. C.

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA."

Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper St., Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism."

Mrs. Leona Dodd, R. No. 3, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions, makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general health protection. Thousands of families are never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.

You can buy PE-RU-NA anywhere in tablet or liquid form.

## THE ORTHODOX

The attacks upon the "regularity" of Mr. Hoover as a Republican continue, and it is becoming increasingly apparent that he is "in Dutch" with the organization which professes to control the party. The Chicago Tribune, under cover of revealing his "internationalism," is bombarding Mr. Hoover, but it is clear that its purpose is to discredit him from the "regular" standpoint.

Former President Taft, who probably is the fairest and broadest Republican in the country today, comes to the defense of Mr. Hoover. In a discussion of his candidacy and that of Hiram Johnson, Mr. Taft holds that the former is the more "regular" of the two. There can be no question as to this if we are to define orthodox Republicanism in the light of organization understanding. Mr. Johnson in 1912 was an open insurgent. He was a candidate for vice-president on a third ticket, splitting the party hopelessly and sealing its defeat absolutely. Moreover, the Progressives kept the party in a state of division for some years afterward and this factional contention is still strong beneath the surface. Not only this, but in 1912 they reduced it to the humiliation of running third in the presidential race, the Republican ticket carrying but two states, Vermont and Utah. Roosevelt, by the way, captured Michigan, and this may lend some significance to Mr. Johnson's big victory there in the primaries this week.

If the organization can forgive Mr. Johnson the part he had in its schism in that unfortunate period of party history, it ought to treat Mr. Hoover, who has always been a Republican and whose much less offense is that he supported the Wilson administration while serving as controller of foods and joined the president in his futile and mistaken appeal to the country to re-elect a Democratic house, with equal leniency. Mr. Hoover's defection has the further merit that it was in the service of his country during war. Even Mr. Penrose ought to concede this justification when he recalls what Roosevelt and Johnson said about him and some other Republican luminaries in 1912.

## THE BIRTH OF DEMOCRACY

The Saturday Evening Post having stated that "the Mayflower brought the first builders of this country," a Virginian ventured to remind the reading public that his state was colonized as "a great commercial enterprise" in 1607 and "two years before the coming of the Pilgrims in 1620 was a colony of large plantations, with a representative assembly making laws for the government of the colony, and planning for a college," the colony having "about 2000 settlers before the arrival of the Mayflower." The Boston Transcript admits this too often ignored historical fact, but submits that Virginia was settled by cavaliers who established a "society and government essentially aristocratic," while the settlers of Massachusetts were democratic and their town-meeting idea was "the corner stone of the institution of the republic that was to be."

As a matter of fact Virginia had a Puritan governor in 1617 and its population included "roundheads" as well as cavaliers, many of this people being indentured servants whose time for the first years had been sold. But the leading Virginia families of a later time having stressed the cavalier tradition, Virginians of today can hardly complain if in consequence the popular idea expressed by the Boston Transcript has prevailed. The later Virginia was much more aristocratic than the earlier, precisely as was the case with Massachusetts, which at the time when John Adams served as president was largely dominated by aristocratic landowners whose ideals, like those of

Adams himself, were more European than American.

On this point the Springfield, Mass., Republican illuminatingly observes: "Modern scholars are inclined to the view that the New England landowner was aristocratic in temper, and that what made this country a democracy was the sentiment which was swept along by the Jeffersonian movement, combined with the spirit of the frontier, of which Andrew Jackson was the first great national embodiment. And one has only to mention Thomas Jefferson to be reminded of democracy's great debt to Virginia."

## MORE BUILDING

In the midst of a housing situation that is very serious, it is encouraging to learn that the curve of building is going up at a not inconsiderable rate. It will be, perhaps several years before building catches up with demand, but the movement in the upward direction that is indicated for 1920 will be of some help, at least.

The February compilation of projected building operations made by the Commercial and Financial Chronicle of New York, covering 171 cities in various sections of the country, supplements the January favorable report. The total of intended outlay for building footings up to \$112,633,266 against only \$34,330,503 in 1919, or an increase of 228.8 per cent, and a gain over 1918 of even more—275 per cent.

In Greater New York the current aggregate is \$21,577,129 against \$8,125,613 in 1919, and compares with but \$4,328,691 two years ago. Outside of New York the estimated expenditures provided for under contracts entered into totals \$88,056,137, and contrasts with only \$26,204,810 in 1919, and \$25,500,000 in 1918.

In the 170 cities in the country at large, all but 23 exhibit increases over last year. It is impossible to tell how much of the increase is due to expansion of business, such as factories, office buildings, theatres, etc., but building plans indicate that there will be a large amount of house construction notwithstanding costs. In some cities housing corporations are being organized to build in quantity at the minimum cost.

## OUR PROBLEM IN GERMANY

The commander of the American forces at Coblenz occupies an awkward position and one likely to make increasing demands upon his tact and judgment. In response to congressional inquiry, it has been announced by the commander-in-chief that our military forces stationed in Germany "are at present operating under the terms of the original armistice and the subsequent conventions prolonging the armistice."

As we are still technically at war with Germany, the American troops in the Rhine country are administering their portion of territory as provided for under the armistice terms, but the British and French troops are administering adjoining territory under the terms of the treaty which their governments have ratified and which the United States has not ratified. Our troops cannot take orders from Gen. Foch and are responsible only to President Wilson.

The difficulty is that Gen. Allen can neither recognize nor ignore the Rhineland high commission, which was organized by our allies upon their ratification of the treaty, to look after the military occupation of the Rhine country. Gen. Allen cannot avoid relations with the high commission, yet is unable to acknowledge its jurisdiction. So he has been instructed to do his best, to avoid friction, to sit "informally" with the high commission, and yet "make it perfectly clear" that the American force is still "operating under the armistice" and is "in no way bound by the terms of the Rhineland agreement." This is no easy undertaking, and there are possibilities of unwelcome developments in such a situation, but it seems to be the only present solution of the problem due to the fact that we have not ratified the treaty of peace with Germany.

## PHONE IS BREACH OF PROMISE INSURANCE

London.—English girls are anxious to do away with "breach of promise" laws. They say they cheat a maiden out of her rightful heritage—love-letters. The new breach of promise season has begun in the courts here and each hearing makes a careful man careful yet. Very few men will run the risk of addressing a really impassioned epistle to the lady of his love these days. They sound so ridiculous when they're read out in court and reproduced in the newspapers. The modern lover puts his heart's desire to the labor of "reading between the lines." If she confines herself to the written word she'll get more thrills out of a dry-good store's advertising circular. The letters she receives from her lion-hearted suitor are not worth the three-cent postage stamp.

Many a Samson who makes love divinely is sufficiently up-to-date not to put his sentiments down on paper. The falseness of Deliah is a guide for masculine posterity, and in vain do

## Confessions of a Bride

(Copyright, 1920, by The Newspaper Enterprise Association.)

Lucy Searle's Case Makes Me Unreasonably Jealous of Bob

"We should worry about what Lucy does to Grant," said my husband as he handed back the original letter which Mrs. Searle had copied neatly four times, on the most elegant note paper she could buy, and in which she had informed four devoted French and English girls that her husband was not, at the moment, an eligible candidate for matrimony.

Of course Bob was quite right: Lucy's letter to those girls should not have been important to me—but it was. It made me unreasonably jealous of my husband. It spoiled our third honeymoon. It prompted this idiotic question: In what degree of flirtation had my Bob indulged his fancy while he was overseas? I couldn't keep the horrid query out of my mind. I could only side-step it when I was very busy. As soon as I had an unoccupied moment, it popped up again to harass my soul.

I had never kept tabs on Bob's mail. I had never opened a letter addressed to my husband in the home where I grew up. Letters were not considered the common property of the family. I had never been curious about my husband's correspondence until Lucy Searle planted the seed of distrust in my soul.

After Bob had returned from the war, we had lived with his father in the big house on account of Bob's strange mental state, and there the butler had assorted the mail. Later we had gone to Mexico, where we had often been out of reach of our mail or where, if we happened to be at a hotel, Bob handled the letters before I saw them. But after we were installed again in our own home, there arrived, once a week at least, curious square envelopes of thin foreign paper.

I grew cold with suspicion as I held the first of these at arm's length, between finger and thumb, and regarded the sharp slender writing taught in France, then the bold masculine style which is a fad with English women. What did those horrid envelopes contain? I was too stunned to decide. I merely put them aside with Bob's mail and waited for him to open them. But when he saw them he only scowled impatiently and thrust them into his coat without a word of explanation to me!

Many letters came thereafter, but I never saw Bob read one of them. So I took it for granted that he had the best of all reasons for enjoying those precious epistles when he was alone.

Sometimes I thought I would discuss with Bob those impertinent letters which followed him so shamelessly over the threshold of his home. Then I realized that he would swear they were not sentimental and that I would not believe what he swore!

I realized that I was set on believing that Bob was almost as good as a Grant Searle. I was so entirely wronged that I wanted to hurt myself more and more and to that end I centered all my interests on the arrival of the missives which I could not—which I would not open.

I became cynical of love and always in the back of my mind was my ancient fear, that haunting notion that Bob was tired of me. Even so, I couldn't quite reconcile treachery and disloyalty with Bob's character. He was so—so very respectable!

Why, I could name a score of men as not above suspicion—but Robert Lorimer was decent to the depths of his soul. He was too much of a gentleman to heap indignities upon his wife.

(To Be Continued)

## THE PEOPLE'S FORUM

## Jazz as Music

Editor Post-Crescent:—When your reporter phoned me some days ago, asking for public opinions on "Jazz" throughout the states in which our orchestra travels, I didn't expect to be quoted personally through the press, or to create a war of words on the subject. We entertain no unpleasant surly toward our local or other brother musicians as to the class of music they wish to produce and give no comments on their abilities. Neither have we "given up anything in despair" either as to jazz or the possible loss of our established business for 25 years.

As to the use of, or appreciation of the saxophone, we were the first orchestra in this vicinity to get one for steady use, some nine years ago. We agree that the general public prefers poppy, animated dance music and expect to continue its use. But as to the jazz line—if it is such an elevating high class of music, why don't such men as Sousa and others of note, embrace it, and morally why does the clergy throughout the land oppose its use. If jazz is not an incentive to suggestive dancing?

The writer has visited amusement places from coast to coast and the opinions of those of prominence, was that it is just as its real definition "noise." You get it universally—its life is but for a few years.

With friendship and fairness for all,  
J. R. GIBSON

## SHARK LEATHER FOR SHOES

St. Louis.—"Sea shoes" may soon appear as a solution of the high cost of footwear.

A process for tanning skins of shark and porpoise so they can be used for making boots and shoes has been perfected. It was announced here today by a leading member of the American Chemical Society, who said a section of the leather industry will be organized as one of the first acts of the society at its convention here April 12 to 17.

While no details of the process were given out, it was said the new departure will produce much cheaper shoes than those now on the market, as experts are now looking everywhere for a durable substitute for the ordinary leathers used in making footwear.

Other processes for tanning leather will also be discussed at the convention, which, officials declared, 2,000 members will attend.

New processes for preparation of American sugar will receive considerable attention and the chemists, in turning their activities from war to peace, expect to play a dominant part in lowering prices for this products.

A new section of the association, devoted entirely to the sugar industry, will hold its first sessions this year. Increases in cane production in lower Mississippi and beet growing in western Nebraska and Kansas offer a big opportunity for purification of American sugar and putting more of it on the market, chemists declared.

Dye, kept out of war industries will come in for considerable extension it was asserted. Announcement will be made at the convention that capitalists are waiting to put \$50,000,000 into the American dye industry when its status is established.

English girls protest that they're not all Deliahs. The breach of promise courts are kept too busy for the disclaimer to carry weight.

And so the engaged girl of today has no cherished bundle of lavender-perfumed, pink-beribboned love-protestations hidden away in the linen chest. The only things she can recall without thought are the letters she has sent the tender nothing she whispers through the telephone.

A letter costs three cents. A telephone call six. But the extra three cents insures him against all risks.

## TWENTY-FIVE YEARS AGO

Friday, April 12, 1895.  
A. M. Cole was laid up with the grip (Capt. Crawford of Oshkosh was an Appleton visitor).  
George Brunschweiler left for Chicago on a several days' visit.  
P. R. Thom, Thomas Pierson and C. H. Wells were registered at the Pfister hotel at Milwaukee.

The date of the Wisconsin state cycle meet at Marinette was fixed for August 16 and 17, immediately following the Chicago meet.

Merchants and manufacturers were quite unanimously of the opinion that business was picking up and that the era of better times had at least set in.

August Krueger, employed at the Badger mill at Kaukauna, had his toes crushed by getting them caught between the elevator and elevator shaft.

Mrs. W. C. Trahern and daughter Primilia were in Appleton the guests of Mr. and Mrs. W. B. Murphy. The marriage of Miss Trahern was to occur at the Congregational church the following Wednesday.

A. J. Kahn, jeweler, removed his stock from the opera house block on College avenue to the Douglas block.

City Treasurer Kutler had on exhibition at his office two blood suckers which came through the waterworks tap at Gus Johnson's place. They were two inches long and considerably larger around than a lead pencil.

At a meeting of the Athletic association of the Ryan high school Percy Clark and Ocha Potter were appointed as a committee to solicit funds for purchasing uniforms and paraphernalia.

Schlegel and Huettner was the name of a new hardware firm that opened a store on Appleton street opposite B. C. Wolter and Bros.' farm implement establishment. The firm consisted of H. J. Schlegel and A. F. Huettner.

The Western Union Telegraph company which had its office in the second story of the Pettibone block leased new office quarters in the rear of the First National bank building.

## THE PASSER BY

True wit is nature to advantage dress'd.  
What oft was that, but n'er so well express'd.

But They Know Somebody Who Know Somebody Who is Trying to Get Them Fixed

Washington, the preliminary census figures show, has 437,000 people, some of whom are not on the government pay roll.—Kansas City Star.

Sign on a gate at the entrance to a Hartford, Conn., cemetery:  
THIS IS A ONE WAY DRIVE  
Says a portfolio full, does it not?

ALL WE KNOW IS THEY SMOKE O-MARS

Why is Mars' face all marked up with canals?  
Is a citizen of Mars called a Mar?  
If so, does that explain the mar-red condition of Mars' face?  
Do they play mar-bles on Mars?  
Are stocks in Mars sold on a margin?  
Does the Mar-shal of the Martian army make his men mark time while mar-ching.  
Is the color of Mars mar-oon?  
Does a young couple have to have Par's or Mar's consent before marrying?  
J. H. V.

Spring has a peculiar effect. To the lovers it means budding lanes and park benches; to painters, carpenters, builders, etc., it means that time at union wage scale; to the fisherman it means a longing; to the golfer, the rejuvenation of hope, life itself; to the housewife, spring cleaning and a taste of green vegetables, and to the kids, roller skates and sulphur and molasses. "Safunny world."

Yep, another spring has rolled around and every morning as we watch a sprightly robin from an east window his clear-eyed pep makes us feel even older than we did last spring, if possible.

J. T. G.

## Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

adv.

# THOUSANDS ARE MADE IDLE BY STRIKE OF RAILROAD YARD MEN

(Continued from page 1)

partially tied up, more than 50,000 were idle, it was said.

At Gary, Ind., nine big blast furnaces at the steel mills were put out because of the cutting off of the fuel supply by strike of practically all the switchmen in local yards. Twelve thousand men were idle.

The Kansas City stock yards were threatened with a shutdown today. About one thousand employees in various industries were idle. Forty more switchmen joined the strike at Kansas City today.

Say Strike Is Waning

Officials of railroad brotherhoods today claimed the strike had reached its peak; from now on they expect it to recede, they said.

Strike breaking efforts of the brotherhoods were centered today on Chicago.

In answer to appeals for loyal union men to come to their aid, they

had 2,000 "union strikebreakers" on the job here today. Those were augmented by other railroad employees.

Reports on the number of men out throughout the country conflicted. The strikers' estimates would place the total figure at more than 25,000. Heberling claimed less than 5,000 were out.

Deny Mediation Request

Reports that mediation by the government was sought were denied by regular union officials. The presence here today of G. W. Hangar, of the board of mediation and conciliation, inspired belief that he would seek to mediate the trouble. Hangar confirmed the brotherhoods' official statement saying they were here merely to investigate.

The middle west's industries were practically tied up today. Embargoes had been laid today by railroads running into Chicago on shipments of non-essentials. Food and coal were given the right of way over everything. Passenger train service was still intact, said railroad officials; freight service has been cut in two.

Buffalo, N. Y.—Industries here today began to feel the effect of the "outlaw" switchmen's strike which has tied up freight traffic on seven railroads entering the city. The Lackawanna Steel Company was forced to lay off 2,500 workers because of inability to get raw materials. George F. Downs, vice president of the company stated. The Ford automobile assembling plant, employing 450 men was closed yesterday.

Officials of other steel plants and industries here said today that un-

less their fuel supplies can be replenished shortly they will have to close.

Milk trains have moved without interruption, but livestock shipments were low. The food situation here has not yet become acute.

Many Out in Los Angeles

Los Angeles.—Fourteen hundred railroad yardmen here were reported on strike today. The walkout, begun early yesterday, spread to other points in California last night when railroads reported that service to some points had been entirely cut off by a strike of engineers and firemen as well as switchmen.

The three lines affected are the Southern Pacific, Santa Fe and Salt Lake Route.

Passenger service was being maintained with little interruption.

Sympathetic Strike

San Francisco.—Nearly one thousand railroad men, including yardmen, switchmen and yard engineers, employed in the San Francisco bay district railroad yards were on strike in sympathy with eastern and southern California strikers, according to estimates early today. An embargo on all perishable freight and livestock was announced.

Cleveland Threatened

Cleveland, O.—Insurgent organizers working among the yard men of the New York Central lines here today predicted Cleveland would be affected by the sympathetic strike before night. Railroad brotherhood of

Officials said: "only forty men are away from work."

The organizers, who came from Chicago, said a secret poll taken in the yards here yesterday indicated that fully ninety per cent of the workers were in sympathy with the Chicago strike and ready to walk out. At a meeting last night the insurgents met defeat in their first skirmish for control of Cleveland yard men according to W. G. Lee, president of the Brotherhood of railway trainmen.

Battle With Insurgents

Brotherhood agents and sympathizers worked in the hall and when a vote on the proposal to strike was taken, it met overwhelming defeat. In spite of the defeat, the organizers claimed that "several hundred" had pledged themselves to strike. Reports from the yards today indicated less than two scores had failed to report. Officials of the four big brotherhoods were in constant session yesterday and late into the night.

They dispatched representatives to all points affected by the strike with orders to fight vigorously every effort to spread the strike and to take every possible measure to wean yard men from the insurgents.

In Toledo, approximately 600 yardmen were out today. Union officials said the situation was pretty well in hand and that no more would be involved. Efforts to call a strike in Cincinnati failed.

## KNIGHTS OF COLUMBUS FORM A CORPORATION

Knights of Columbus, at their meeting last evening, decided to organize a corporation which will permit it to hold real estate and other property. This action followed a long debate on the advisability of purchasing property for use as a club house. No definite action on the latter question was taken. A committee is at work ascertaining the sentiment of the members.

## Rheumatic Pains

Quickly Relieved By Penetrating  
Hamlin's Wizard Oil

A safe and harmless preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache, croup and colic.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

Hayden to Mrs. Bessie Peebles, eight acres in Bovina consideration, \$1,000; Ollie Hayden to M. B. Hayden, eight acres in Bovina, consideration, private; town of Cicero to Chester Krull three acres in Cicero, consideration, \$75; Simon Wehrman to Louis Knack, land in Center, consideration, private; J. H.

WANTED—YOUNG MAN TO LEARN THE CLOTHING BUSINESS. APPLY AT ONCE AT PEOPLE'S CLOTHING COMPANY.

Wilcox to John L. Brown, lot in First ward, consideration, private; Mary Arndt and Chris. Dix and Henry Dix to Wilhelm H. L. Rocks lot in First ward, consideration, private; Joseph Hoier to Philip Crabb, lot in Fifth ward, consideration, private.

NEW PARTNER—The Appleton Engine Works at 1019 College avenue owned by Joseph Heimmermann and R. Scherke has just added another partner, Ernest Luloff of Chilton, who commenced work yesterday. Mr. Luloff is a skilled mechanic and was given a third interest.

MOVING—William Smith, who has been occupying the residence at 577 Walnut street which was recently purchased by Anton Ellenbecker, is today moving his household goods to a residence on Alton street. Mr. Ellenbecker expects to make extensive improvements to the property within the next few weeks.

HOME TALENT PLAY—Appleton will be well represented tonight at the musical comedy Katcha-Koo, which the Knights of Columbus are giving at Kaukauna. There has been a liberal sale of tickets in the city and quite a number plan to attend. About 150 Kaukauna people take part in the play, which is said to be beautifully staged in oriental surroundings, with a wealth of elaborate costumes.

Lawrence Heim of Green Bay visited here for the past two days.

## OBITUARY

JOHN BARTLEIN

John Bartlein of Menasha, 82 years old, died suddenly at his home at 2 o'clock Thursday afternoon, following a stroke of paralysis at 8:30 o'clock in the morning, from which he never regained consciousness.

The deceased was a pioneer resident of the town of Harrison and made his home there for many years before moving to Menasha. He was a Civil War veteran.

Besides seven children, he leaves thirty-eight grandchildren and twelve great grandchildren. His wife died ten years ago. The children surviving are Frank and Andrew Bartlein. Harrison: Mrs. Fred Eckrich, Mrs. George Witz, Menasha: Mrs. William Huelsbeck, Harrison: Mrs. Henry Arnold, Neenah, and Mrs. Anton Lieg, Shawano.

Funeral services will be held at nine o'clock Monday morning from St. Mary church, Menasha. Burial will be at Menasha.

MRS. FRANK SPERL

Mrs. Frank Sperl, 352 Jackson street, 43 years old, died at Riverside sanitarium this morning. She is survived by her husband and two children, Margaret and Mary. The funeral will be held from St. Joseph church tomorrow morning.

ROBERT W. EICH

Robert W. Eich, aged 43 years, died yesterday afternoon at Chicago after a brief illness with pneumonia. His wife was formerly Miss Minnie Schneider, daughter of Mr. and Mrs. Henry Schneider, 1082 Harris street. The funeral will take place Monday in Chicago.

Clarence Hansen

Clarence, two year old son of Mr. and Mrs. Ernest Hansen, Cherry street, died Thursday. The funeral will be held at 10:30 o'clock Saturday morning from St. Joseph church, followed by burial at St. Joseph cemetery.

bride was gowned in white batiste and carried a shower bouquet of roses and sweet peas. Her veil was caught with rose buds. The bride-maid wore pink crepe de chine and carried pink and white carnations. A reception for relatives and a few friends was held at the home following the ceremony. The couple will live on the Bartz farm.

## Wedding Anniversary

Mr. and Mrs. H. Rademacher, Superior street, were surprised by twenty friends and relatives at their home Tuesday evening, the occasion being their fifth wedding anniversary. Cards were played and the prize was won by Peter Rademacher. Refreshments were served.

## Marriage License

Application for a marriage license was made this morning to Herman J. Kamps, county clerk, by Arnold A. Gritzmacher and Anna M. Reitzner, both of Appleton.

## Little Chute Dance

A dance will be given at Lamer's hall at Little Chute next Monday evening. Good music will be provided.

## K. C. Ladies Party

Mrs. J. Roach won first prize at bridge at the weekly card party of the Knights of Columbus Ladies at K. C. hall Thursday afternoon. Four tables were in play.

## Soiree Club

The Soiree club will meet Monday evening at the home of Miss Marian Larson, Ohelida street. A social period will follow the business session.

## LEGAL NOTICES

NOTICE OF APPLICATION FOR PARDON

To Hon. A. H. Goss, Judge of the municipal court of the city of Oshkosh, and county of Winnebago, Wisconsin; and to D. K. Allen, the district attorney of said county of Winnebago; and to all persons whom it may concern: Notice is hereby given that Peter Kutcher of the city of Menasha, in said county and state, was upon his plea of guilty on the 14th day of September, 2, D. 1918, in the municipal court of the city of Oshkosh, and county of Winnebago, Wisconsin, convicted of the crime of having on the 24th day of July, A. D. 1918, being armed with a dangerous weapon, to-wit: a revolver, loaded with powder and leaden bullets, and in a manner constituting a depraved mind, regardless of human life, wilfully and feloniously made an assault upon one Edna Smith; but without any premeditated design to effect her death.

And that upon such plea and conviction, he was, on the 14th day of September, A. D. 1918, sentenced to a term of six years in the state's prison at Waupun, Wisconsin, by the Judge of said municipal court; and that the undersigned will make application to the Hon. Emmanuel Philipp, governor of the state of Wisconsin, for a pardon; that the application for such pardon will be filed with the governor of said state of Wisconsin on the 24th day of April, A. D. 1920. Peter Kutcher, Applicant for Pardon, By Siles Ballard, Attorney for the applicant.

NOTICE TO PROVE WILL, AND NOTICE TO CREDITORS

State of Wisconsin, County Court, Oneida County, In Probate.

In Re Estate of Arnold M. Van Handel, deceased.

Notice is hereby given, That at the special term of said court, to be held on the 14th day of May, A. D. 1920, at the Court House in the city of Appleton, county of Outagamie and State of Wisconsin, there will be heard and considered the application of Fred Van Handel to admit to probate the last Will and Testament of Arnold M. Van Handel, late of the town of Van Den Broek in said county, deceased, and for the appointment of an executor for, administrator with will annexed.

Notice is hereby further given, That at the Regular Term of said court to be held at said Court House, on the first Tuesday of September, A. D. 1920, there will be heard and considered and adjusted all claims against said Arnold M. Van Handel, deceased.

And Notice is hereby further given, That all claims for examination and allowance must be presented to said county court at the Court House, in the city of Appleton, in said county and state, on or before the 21st day of August, A. D. 1920, or be barred.

Dated April 7, 1920.  
By the Court,  
Henry Koss, John Botensack,  
Attorneys.

## FUTURES PRICES UP ON CHICAGO MARKET

HEAVY EXPORT SELLING AND  
POOR CROP CONDITION IN  
FLUORIDES TRADING  
IN GRAIN

By United Press Leased Wire  
Chicago—Trading today on the Chicago board of trade showed an increase in grain future prices over the opening quotations. Large export selling of rye and wheat on the seaboard, high prices for cash grain and prospects of bad weather, poor condition of winter wheat and prediction of high prices for wheat products were the conditions affecting the trade largely.

May corn which opened down a quarter at \$1.64 gained 1½ in later trading. July corn picked up ¼ after opening ¼ at \$1.67½. Sept. corn gained ½ in later trading after opening ¼ down at \$1.53.

May oats continued to gain later quotations showing an increase of 1½ after opening ¼ up at 91½. July oats, which opened nominal at 83½

Hardware at Retail Since 1864

## OUTLINE PLANS FOR CHURCH CAMPAIGN IN OUTAGAMIE COUNTY

COUNTY CHURCHES WILL REPRE-  
SENTED AT MEETING AT  
THE CONGREGATIONAL  
CHURCH TODAY

The county conference of the Inter-  
Church World movement opened at  
the First Congregational church this  
morning with an attendance that was  
beyond the expectations of the com-  
mittee on arrangements.

The Rev. J. L. Menzner opened the  
sessions at 10:30 o'clock with a brief  
devotional service. The inter-church  
movement in its various aspects was  
then presented by Dr. H. E. Cabody.  
He reviewed briefly what had been  
accomplished by the world religious  
surveys and also laid before his hear-  
ers what steps must be taken in re-  
cruiting for service.

Dr. D. O. Klusman, county chair-  
man, followed with a comprehensive  
explanation of the financial program  
explaining that the total sum to be  
raised would aggregate \$300,000.00.  
He explained the plans for dividing  
the apportionments among the denom-  
inations and concluded with the plan  
for Outagamie county, stating that  
\$40,000 is to be raised from friendly  
citizens who are not definitely iden-  
tified with any church, but who would  
welcome the idea of having the  
churches placed on a business basis.

This evening a stereopticon lecture,  
"The World-wide Task" will be given  
by the Rev. William R. Dixon of An-  
tico, captain of the team of speakers  
who are here for the day. Several  
important matters will be taken up  
during the afternoon. The devotional  
service at 7:30 o'clock will open the  
evening session, followed by an ad-  
dress by J. J. Harwood, who will pre-  
sent the movement from the layman's  
point of view. The public is invited  
to attend the "rallying this evening."

G. W. Lieg of Shawano, was a busi-  
ness visitor here today.

## BIG SALE ON APPLES

sonable prices for Saturday only.

**BELZER'S FRUIT STORE**

902 College Ave.

## SERVE MILK LUNCHES AT FIRST WARD SCHOOL

Lunches will be served to the pu-  
pils of the First Ward school starting  
Monday, an announcement by Henry  
E. Polley, principal, said today. Chil-  
dren are asked to bring 15 cents each  
Friday from now on if they wish  
take advantage of the opportunity.  
About the middle of each forenoon  
they will be given half a pint of milk  
and two graham crackers. It is  
thought that the plan will result in  
greater mental efficiency, as many of  
the children leave home too hurriedly  
in the morning to eat a substantial  
breakfast.

## TWO AUTOS FROZEN IN HUGE MUDHOLE

Two automobile owners are pray-

ing for warm weather. A week ago  
Thursday a farmer's car became  
mired near the Spencer road in the  
town of Greenville. Finding it im-  
possible to get relief from farmers in  
the neighborhood, he telephoned a  
local garage to send a truck. A pow-  
erful machine was sent to the mud-  
hole but in trying to pull the farm-  
er's car out, found themselves hope-  
lessly struck. After working until  
midnight, the garage men aban-  
doned the job until next day and in  
the meantime the cold spell came on.  
Both cars were in up to the hubs and  
are still there frozen fast. Only  
warm weather will make their re-  
lease possible.

## POLICE RECOVER BIKE STOLEN LAST AUGUST

"Truth crushed to earth will rise  
again," and sometimes when a bi-  
cycle is stolen it is found again. Last

August, George Horn, 430 Walter  
avenue, reported the theft of his new  
bicycle to the police. At that time  
a bicycle was found by the authori-  
ties at Kimberly, and it is said that  
it was advertised but was never  
claimed. Hearing of the discovery  
recently, the local police took several  
men who had lost bicycles to Kim-  
berly where Horn identified it as his  
property.

## MCGOORTY KNOCKED OUT IN SIXTEENTH BY WELLS

By United Press Special Wire  
London.—Eddie McGoorty, Amer-  
ican heavyweight, was knocked out  
in the sixteenth round here last  
night by Bombardier Wells. The  
American put up a plucky fight and  
surprised the crowd with his en-  
durance. He rallied after the eighth  
round and seemed to have Wells out,  
but both tired and a right to jaw  
ended it.

## FOR SKIN TORTURES

Zemo, the Clean, Antiseptic  
Liquid, Just What You  
Need, Is Not Greasy

Don't worry about eczema or other  
skin troubles. You can have a clear,  
healthy skin by using Zemo ob-  
tained at any drug store for 25c, or  
extra large bottle at \$1.00.

Zemo generally removes pimples,  
blackheads, blotches, eczema and ring-  
worm and makes the skin clear and  
healthy. Zemo is a clean, penetrating,  
antiseptic liquid, neither sticky nor  
greasy and stains nothing. It is easily  
applied and costs a mere trifle for each  
application. It is always dependable.  
The E. W. Ross Co., Cleveland O.

## THE PETTIBONE-PEABODY CO.

### New Dress Styles for Children, Juniors and Misses

*A bright note of spring and youth  
that makes an irresistible appeal*

Colorful French organdie dresses in coral,  
orchid, tea rose, blue, maize and white at  
\$15.00, \$18.00 to \$30.00. One charming  
model has quaint picot ruffled skirt, waist  
finished at neck line and sleeves with  
ruffles, and artistic sash of two-toned rib-  
bon, \$18.00.

Another, a bolero dress. Vestee and skirt  
show many rows of fine pin tucks. Skirt is  
finished with fifteen inch hem. Rosettes of  
two-toned satin ribbon add a dainty finish.  
\$25.00.

(Fourth Floor)

Girls' new model dresses of linen, cham-  
bray and striped and checked gingham.  
Well made and in many styles, each dis-  
tinctively different. Simplicity is the key-  
note. Becomingly cut collars, decorative  
hand embroidery, fancy sashes, all these  
make the dresses appeal to the particular  
miss and the mother who knows values.  
Priced from \$2.50 to \$18.00.

### FOR WOMEN—New Tub Dresses and Aprons

Well made dresses of good quality  
chambray and soft gingham. Dresses  
of unusual charm and popular prices.  
Dainty collar and cuffs and effective  
vestees, all make these dresses differ-  
ent from the average popular priced  
dress. Prices range from \$3.75 to  
\$10.00.

Chambray and gingham aprons, fea-  
turing the well-known Smith-Taylor  
line, and attractive bungalow and cov-  
erall styles. These aprons are shown in  
small, medium and large sizes, \$1.50,  
\$1.75 to \$5.00.

(Fourth Floor.)

# NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

## SAN JOSE SCALE IS INVADING ORCHARDS

SCALE INSECTS OF VARIOUS KINDS DEVELOPED RAPIDLY LAST TWO YEARS. EXPERTS AVER

(Special to Post-Crescent)  
Madison, Wis.—The state department of agriculture will begin an extensive spraying campaign at Racine this week. A survey made by S. B. Fracker, Acting State Entomologist, and C. D. Adams, inspector, last fall, revealed the presence of San Jose scale on the property of about 200 residents of the city. In some cases the injury was so severe that some of the trees had already been cut. The spraying is being done by the city forester, Anton Hanson.

"The last two years have been unusually favorable for the development of scale insects of various kinds," according to Dr. Fracker. "Oyster shell scale, the most common injurious scale attacking orchard trees, is ordinarily of slight importance, but since 1918 has developed to an alarming extent in many parts of the state. Samples of twigs and branches bearing this insect are being received daily at the department of agriculture with request for information about its control."

"Oyster shell scale is much larger than San Jose and may easily be seen by the orchard owner. It is controlled by spraying with lime-sulfur solution in the proportion of one gallon to eight gallons of water. Ordinarily an application every four or five years is sufficient."

## MINISTER RESIGNS TO GO TO CANADA

Sheboygan, Wis.—The Rev. B. P. T.

Jenkins, for five years rector of Grace Episcopal church in this city, has tendered his resignation and will leave May 2 for Canada, the home of Mrs. Jenkins' parents, where the Rev. Jenkins will have charge of a parish. He has not announced his future location, except that it is in Canada. The Rev. Jenkins came to this city in the fall of 1915 from Plymouth. He is a graduate of Nashota seminary. While here he has been prominent as scoutmaster of Troops 1 and 2 and has done much welfare work among boys. During the war he delivered numerous patriotic addresses and rendered patriotic service.

## HORTONIA PERSONALS

(Special to Post-Crescent)  
Hortonia—Fred Knops of Maple Creek, was a visitor here Sunday. Mr. and Mrs. Otto Dorshner and family spent Sunday with relatives in Dale.

The Martin McDermott family were Milwaukee visitors Sunday. Simon Sommers has purchased a tractor. Mr. and Mrs. Rexford McNutt spent Sunday with the former's parents, Mr. and Mrs. Julius Hoch. Arthur Cuff was a Hortonville visitor Tuesday.

Charles Radichel has purchased an automobile. Emmanuel Hansen of New London, spent Sunday at his home here. Mrs. E. W. Meinhardt was a Caledonia visitor Tuesday.

## FOX RIVER IS NEAR HIGH WATER STAGE

Water in Fox River is at present very close to high water mark. It is not believed, however, that it will go over it unless there is a heavy rain within the next few days as the water in Wolf river at Shiocton and New London has commenced to recede.

## HIGH WIND WRECKS A BARN AT STEPHENSVILLE

(Special to Post-Crescent)  
Stephensville—George Joslin and L. Lavezo were Appleton callers Sunday.

Ernest Grunert and Paul W. Beyer left for Texas and expect to be gone ten days. Mr. and Mrs. Con. Schwab spent Easter Sunday at Oshkosh at the home of William Schumacher.

Mr. and Mrs. Chauncey Gruert of Appleton spent several days with relatives and friends here. Robert Schroth and Joseph Katur-el were in Appleton Tuesday.

Mr. and Mrs. William Ludwig and John Herman called on Mrs. John Schroth who is ill with pleurisy. H. Morack's barn was blown down by the wind. His son Louis and Frank Plath are building a garage from the lumber.

George Ross and Mrs. Hull are visiting at Wittenberg. The hand boys returned home after a two days' engagement at Clintonville and Marion.

Miss Bertha Schultz, Outagamie county nurse, spent two days at the school examining the children. She will also call on the parents.

Charles Zarht is engaged in threshing clover seed at the home of Tony Bohman.

Mr. and Mrs. George Parsons of Angis spent a few days at the Paul Krause home.

A number of young folks attended the dance at Hortonville Tuesday night.

Tuesday afternoon the Fox River Telephone company held its yearly meeting at the Hugo Schultes hall.

Mr. and Mrs. Walter Kohl of Appleton, spent Easter Sunday at the Dave Holloran home.

Theresa and Agnes Goerl of Appleton, spent Sunday here.

Mr. and Mrs. William Lemke were business callers at Appleton Tuesday.

Arthur Timm spent Easter at Sugar Bush returning to Kimberly Monday evening.

Erwin Schmidt of Hortonville delivered a load of furniture to the George Ross home Monday.

Mrs. Al. Giesen returned home Tuesday evening after spending ten days with her husband at the Appleton hospital. She said he is recovering as rapidly as can be expected.

Mr. and Mrs. Clyde Main and Mr. and Mrs. Amos Main spent Saturday at Shiocton.

James Nelson of Shiocton, was a caller here Monday.

## INSTALL MOTORS IN THE HIGH CLIFF LIME PLANT

(Special to Post-Crescent)  
High Cliff—A carload of electric motors arrived here Tuesday for the Union Lime company. These will be installed in the local lime plant which will be electrically operated in the future.

Anthony Chirafisi left Wednesday for Milwaukee where he will be employed for the summer.

Mr. and Mrs. Otto Engelhardt of Sherwood spent Easter Sunday with the latter's parents, Mr. and Mrs. Edward Falk.

Carl Wiechman of Kohler, arrived home Saturday to spend the Easter holidays with his parents.

The marriage of Miss Rayce Emmer and Edward Funk was announced at the Sacred Heart church at Sherwood Sunday.

Miss Romana Schneider left Friday for Illinois where she assisted in organizing a family reunion which took place at the home of her parents, Mr. and Mrs. William Schneider.

Elmer Klawitter and sister, Miss Sadie, spent Wednesday at Appleton.

Miss Theresa Stip and Fred Martin of Neenah, spent the Easter holidays at the home of Mr. and Mrs. Thomas Stip.

Mrs. Fred Gail made a business trip to Menasha Wednesday.

Edward Funk and niece, Miss Rayce Emmer, spent Tuesday at Appleton.

Mr. and Mrs. William Klawitter attended the Easter services at Neenah Sunday.

Mr. and Mrs. Harry Upston, son Kenneth, and Miss Ramona Schmidler spent Monday at the Otto Engelhardt home at Sherwood.

Mrs. Bertha Lust of Chicago, arrived home Saturday evening to spend the Easter holidays with her parents, Mr. and Mrs. Zickuhr.

Mr. and Mrs. Al. Holt of Chicago, arrived here on Saturday to spend a few days at the home of the latter's parents, Mr. and Mrs. Ernest Sternhagen. Mrs. Holt will be better remembered as Miss Olea Sternhagen. Her marriage to Mr. Holt took place in Chicago a few weeks ago.

## STATE DETERMINES WHAT IS PAID THE FARMER

(Special to Post-Crescent)  
Madison, Wis.—The Market division recently sent out several hundred questionnaires to farmers in different portions of the state to ascertain as nearly as possible the difference between the price the farmer receives for his products and the price paid by the consumer. A compilation of the answers received presents some interesting facts. For example: The price paid to farmers for milk per hundred pounds was \$2.37 to \$4.00 with the state average \$2.95. The average retail price per quart is about 12c and figuring this per hundred pounds the price would be \$5.55. Butter ranged in retail price from 50 to 80c per pound with the state average 65.7c. The range in price paid to farmers for eggs was 32 to 55c per dozen. The average price was 39.6c. The retail price ranged over the state from 35 to 65c a dozen with the average being 45.2c a dozen.

## ISAAR RESIDENT TO BUILD A NEW HOME

(Special to Post-Crescent)  
Isaar—Miss Edna Snell returned to her duties at New London after spending Easter vacation with her parents, Mr. and Mrs. F. Snell.

Fred Kuehne attended the funeral of a relative at Appleton Tuesday.

Joseph Leinsmeyer left Monday for Manitowoc, where he will spend a few days.

A number of friends surprised Mike Kroner on his birthday anniversary Wednesday evening.

Miss Barbara Ebert of Seymour spent Easter Sunday at the home of her parents, Mr. and Mrs. C. Ebert.

Miss Francis Geland of Kaukauna visiting her sister, Miss Adeline.

Joseph Ebert will build a house here this spring. He is now hauling lumber for it.

Mrs. H. J. Hansen and son Alfred were business callers at Green Bay, Wednesday.

Many young people attended the Easter dance at Seymour Thursday evening.

Mrs. Wolf Sigel and niece, Dorothy, are visiting relatives at Menominee, Mich.

## BURGLARS CARRY OFF \$1,000 LOOT IN TRUCK

Superior—Burglars broke into the clothing store of Andrew Ekstrom carried off about \$1,000 worth of clothing. Entrance was gained by breaking open a door to the basement. Four more doors were broken before the main floor of the store was reached. A truck was used to haul off the goods. The thieves examined the entire stock, taking only articles of the best quality.

## INCORPORATIONS

Madison, Wis.—Articles have been filed with the corporations department of the secretary of state's office as follows:

Little Chute Supply Co., Little Chute, \$24,000. Lumber and fuel. Incorporators: John A. Gloudehans, Arnold Gloudehans, John Bies.

## BECK OF VIROQUA IS NOT AFTER GOVERNORSHIP

La Crosse, Wis.—Joseph D. Beck, Viroqua, announces he will not be a candidate for the Republican nomination for governor, thus narrowing down the field of progressive candidates to Lieut. Gov. Dithmar and Atty. Gen. Blaine. It is believed that Mr. Beck will be a candidate for the congressional nomination in the Seventh district against Representative John J. Esch.

## CAR SERVICE HALTS AS ICE STOPS BIG ENGINES

Superior, Wis.—Ice packing the intake to the turbine engines of the Great Northern Power Co. shut off the current to the city and left a street car stranded on the crossing of the Omaha railroad tracks. A truck pushed the car out of danger. Street cars were idle and electric lights were out of commission several hours.

## FATHER AND SON ARE STRANDED IN GALE

Green Bay—Running his gasoline boat into Bass channel on the west shore of Green Bay at 10 o'clock yesterday morning when a north west gale broke loose, John Barlament, a fisherman, and his 12-year-old son, Sherman, were held prisoners in their stranded boat for 18 hours in one of the worst storms ever experienced on the bay.

With the wind raging at 60 miles an hour, the cold growing hourly more intense, and their launch pounding on the channel bar, the fisherman and his son spent a night of terror. To keep from freezing to death the two burned all of their fish boxes, pails and other material to be found on the deck of the boat.

## FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest. Always dependable. 50 and 60c jars; hospital size \$2.50.

HART-PARR 30—Winning the Official Tests Today Price \$1495 f.o.b. Factory

OLD HART-PARR No. 1 The First Successful Oil Tractor

## Founders of the tractor industry--

Nineteen years ago Hart-Parr founded the tractor industry, building the first successful oil tractor. Many of the old Hart-Parrs that plowed the virgin Northwest prairies are working the same fields today after 10 to 16 years service.

Hart-Parr 30 today is winning official tractor horsepower tests throughout the country. It is the embodiment of wise construction resulting from nineteen years of tractor building experience. Our best salesmen are the owners of Hart-Parr 30 tractors. Hart-Parr performance in the field and Hart-Parr Aftersale Service keep them enthusiastic.

## Long-Life Features of the Hart-Parr 30

One piece cast steel frame, making an engine bed solid as concrete—no bend, no twist.

A two-cylinder twin motor—fewer parts to wear out.

A low-speed motor—750 revolutions per minute.

Free feed fresh oil lubrication, that keeps fresh oil on bearings at all times.

All working parts easily accessible, making it easy to keep the tractor in adjustment and repair. The Hart-Parr 30 is obviously simple.

The Hart-Parr Aftersale Service that teaches

the farmer to take good care of the tractor.

Sturdy construction that dates back to the old Hart-Parr 60's with a record for long life.

Write for our proposition and illustrated literature.

FOR SALE OR RENT—5 1/2 acres with 8 room house 1/2 mile east of city limits. Phone 50112.

## SCHOOL CHILDREN ARE ENLISTED IN GARDEN CAMPAIGN

SCHOOL GARDEN ARMY WILL RAISE VEGETABLES ON LARGE SCALE—RUBBISH HEAPS TO DISAPPEAR

(Special to Post-Crescent) Washington—"I WANT YOU!" That was what Uncle Sam said in a 1917 war poster, pointing his finger at each passerby.

That is what the United States School Garden Army says in 1920 to each boy and girl, urging them on posters to "Follow the Pied Piper"—Uncle Sam.

This army is composed of children not only in the United States, but in Porto Rico, Hawaii, the Philippine Islands, Guam and Alaska. And their arms are trowels, hoes, rakes, spades, spades, spades.

Each little soldier signs an enlistment pledge which says:

"As an enlisted soldier of the United States School Garden Army, I agree to use my best efforts to increase the food production of my country by cultivating one or more food crops, under the direction of the garden supervisor or teacher chosen for this work, and to make such garden reports as may be required."

Companies and Insignia

The children are enlisted in companies of from 10 to 150, each company having a captain and lieutenants, whose duty it is to inspect the gardens of the members of their companies and aid the garden teachers.

The insignia of the privates is a crossed hoe and rake, and stars or an eagle are added to designate captains and lieutenants.

Ambitious Plans

Plans for 1920 production are exceedingly ambitious, say the garden teachers of the Bureau of Education. But not more ambitious than last year's results warrant. In 1919, 2,500,000 children in the United States were enlisted. The financial returns amounted to \$48,000,000.

In Cleveland 13,048 school children raised \$32,382 worth of food products on 231 acres, averaging an income of \$401.90 per acre in 1919. The value of food raised in New York City by 60,654 children amounted to \$715,178.71. In Greensboro, N. C., the average return per acre was \$522.49. These figures are characteristic of the entire country.

Include Home and School

The U. S. School Garden Army was organized by President Wilson, the secretary of the interior, and the commissioner of education. School gardens include both gardens at home and those on large tracts supervised by the various boards of education.

The tract gardens are in charge of paid workers, and teachers visit the home gardens. Records are kept of these inspections. The pupils keep an accurate record of the number of square feet, cost of tools, seeds, and time, and the value of the produce.

From Tin Cans to Corn

The U. S. School Garden Army produces food where nothing would be raised otherwise. Its soldiers pounce upon dispiriting dump heaps of ashes, and tin cans, or empty lots grown high with thistles—in a season the dump heaps and weeds are transformed to flourishing, well cultivated crops of grain and vegetables. According to reports from the Department of Agriculture, the commercial vegetable growers are experiencing difficulty in procuring help, which will materially reduce the output of vegetables. The result will be fewer vegetables and higher prices. The reports point to more school and home gardens as the remedy.

## REALTY CROOK'S FATE RESTS WITH MEN HE SWINDLED

MEETING OF CREDITORS WILL BE CALLED TO DECIDE PUNISHMENT OR CHANCE TO RECOVER LOSS

By James Henle  
(Special to Post-Crescent)  
New York. The fate of William H. Moffitt, "get rich quick" real estate operator, rests with the men and women who were left "holding the bag" when that dapper gentleman suddenly left the city.

This arrangement, probably one of the most surprising in the annals of justice, has been announced by Assistant District Attorney Theodore L. Waugh.

Moffitt's creditors will be asked to meet in some hall and listen to an address by the man who got their money and who was brought back here from California. Then they will vote whether or not to permit Moffitt to return to San Jose, Cal., and endeavor by legitimate means to earn money enough to make good the losses, his creditors suffered.

If the latter vote "thumbs down" there is an indictment for fraud waiting for the "get rich quick" expert. If the creditors are in a relenting mood the indictment will be shelved and Moffitt will get the permission of the court to leave the state. Under the terms of the \$5,000 bond which admitted Moffitt to bail he may not now leave the state.

Moffitt in 1918 was one of the best known men in the New York realty market and was commonly thought a millionaire. He dealt extensively in suburban property. His downfall came when he sold lots without payment of a blanket mortgage which covered the tract on which they were situated.

It is thought that some 500 persons will be sufficiently interested in Moffitt's fate to attend the meeting that is being arranged.

Meanwhile Moffitt himself is betraying no uneasiness about his fate. When he was brought back to this city he refused to have anything to do with his wife or children.

**Order Your Fruit Trees Now For Spring Delivery**  
Reduce your living expenses by planting and raising your own fruits such as Apples, Cherries, Plums, and Apricots and all kinds of Berries. If interested call on, write or phone 1861 R. E. B. Ralph, 765 Rankin St., Appleton, Wis., Agt. for Coe, Converse, Edwards Co., Ft. Atkinson, Wis. Motto "Satisfied Customers."

Parcel post service between this country and Lithuania has been opened up. Parcels up to 22 pounds will be accepted at the rate of 12 cents a pound.

**ALBERT B. STEINER**, of St. Paul, Minn., who declares he is now able to do twice the work he could before taking Tanlac and that his sister has gained sixteen pounds.

"Talking about things that help people, I have just received a letter from my sister in Waterloo, Iowa, telling me she has gained sixteen pounds in weight by taking Tanlac," said A. B. Steiner, 460 East Page street, St. Paul, Minn., recently.

"My sister was on a visit to me a short while ago, and as she was suffering from stomach trouble some one advised her to try Tanlac, which she did, and as I saw the great benefit she was getting from it I decided to try it myself. For I had been troubled with my stomach for the past two years. I had a very poor appetite, and the little I did manage to eat seemed to lodge right in the pit of my stomach and sour. I would bloat terribly after eating and have the worst sort of cramping pains in my stomach, and at times I had such bad attacks of heartburn I would nearly go wild. My back gave me a lot of trouble, and I had such intense pains in the small of my back I could hardly bend over. To add to my other troubles, about two months ago I began to suffer with rheumatism in my shoulder blades and arms, which got so bad I could hardly do my work and could not even put on my coat without assistance. I was so nervous I could get but little sleep and would roll and toss from one side of the bed to the other all night long, and would get up in the morning all tired out. I was so badly run down and had lost so much weight I was so weak I could hardly get about at all.

"Well, while I have only taken five bottles of Tanlac in all my improvement is simply remarkable. I have such a good appetite I am hungry all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. The pains have all gone out of my back and I never have the least sign of the rheumatism. In fact, I never have an ache or pain of any kind. I sleep as sound as a log every night and have gained in weight and strength until I can do twice as much work as I could before I began taking Tanlac. Yes, sir, I can recommend Tanlac after what it has done for me, and I know it will do the same for others if they will only give it a fair trial."

Tanlac is sold in Appleton by John E. Voigt, F. O. Town, Shiocton; Dr. J. M. Sattler, Bear Creek. adv.

## MRS. W. E. CAVERT HEADS THE KINDERGARTEN CLUB

Mrs. William E. Cavert was elected president of the Fourth Ward Kindergarten club at a meeting Wednesday afternoon in the kindergarten room of the Fourth Ward school. Mrs. A. A. Danielson was named as vice-president and Mrs. Charles Burhans secretary and treasurer.

Games were played, and in an interesting guessing contest, the winning prize, a handsome apron, was won by Mrs. Burhans, and the consolation prize, a handkerchief, by Mrs. Walter Blake. Mrs. J. Kromer had charge of the entertainment.

Lunches will be served at each meeting of the coming year. One more meeting will be held in May to close the season.

## BEER GONE, PLAYERS GET IN SHAPE QUICKLY

Doc Ebling of the Philadelphia Athletics, denounces the reign of prohibition, which deprives him of good alcohol with which to rub down the athletes' sore arms. But here's a fellow who says prohibition is the greatest aid to spring training.

"It is much easier to get a ball-player in shape now," said Jack McAllister, Indian scout and coach. "They can't drink a lot of beer in the winter time now, and without such good places to loaf, most of them work in the off-season, coming to camp without all that fat in their systems that generally takes weeks and weeks to work off."

Jack thinks spring training will be cut down to three or four weeks as a result of prohibition. Jack has seen a lot of them come and go, and he ought to know whereof he speaks.

British botanists have succeeded in breeding a new wheat known as "yeoman", which has yielded 96 bushels to the acre, three times an ordinary crop.

## WINTER RACING TO VANISH FROM U. S.

CAMPAIGN AGAINST BETTING IN NEW ORLEANS GAINS HEADWAY—THRU IN HOT SPRINGS

Winter racing soon may be confined to the tracks of Cuba, Juarez and Tijuana. The "skates" are skating on thin ice at New Orleans. They cannot return to Hot Springs.

Already there has sprung up a campaign—growing rapidly—to eliminate the betting in the Crescent City. If betting is eliminated there'll be little or no racing. Might as well try to prosper selling near-beer over the fine mahogany establishment that did business under the old laws.

"Racing will never return to Hot Springs," Governor Brough of Arkansas, told me.

"The hotel men, the doctors and all the better class of people at the Springs arose against it. They went to court and succeeded in enjoining the track owners. They wanted me to call out the militia and stop the races last year, but I refused."

"Of course, many high class men are among the visitors to cities where racing flourishes, but there also is the riff-raff, and the people of Hot Springs didn't want them."

And Hot Springs hotels are packed to the doors today.

In New Orleans the clash between the race horse people and the church seemed serious enough, but now various civic organizations are opening a campaign to eliminate betting. It may not last much longer.

The British government has placed a fund of \$5,000,000 at the disposal of its Research Department to enable it to encourage industries to take up research.

## NEW DRESS FOR OLD WITH DIAMOND DYES

Women Can Put Bright, Rich Color in Shabby, Faded Garments.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods. — dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

## REPRESENT STATE AT INTERCHURCH DINNER

Madison, Wis.—Secretary of State Hull has accepted an invitation to represent Wisconsin at the inter-church world movement dinner to be held in Chicago Friday. In addition

to Mr. Hull, Joseph M. Boyd of Madison and Judson Rosebush of Appleton have accepted appointments on the national committee and will also attend.

Missouri sends cedar to Europe for making lead pencils.

## ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

Aspirin is a trade mark of Bayer Manufacturing Monrovia, Germany. Sole U.S. agent: adv.

## 379 CHILDREN OUT OF 766 EXAMINED HAVE BAD TEETH

SCHOOL NURSE'S REPORT SHOWS LARGE NUMBER OF CHILDREN ARE SUFFERING WITH DEFECTS

Of the school children examined during the month of March by Miss Helen Revett, school nurse, only 39 out of 766 were found to be without physical defects of some kind. Her report to the common council for four weeks ending March 26 also shows that the health standard of the boys was below that of the girls, there being only 39 of 439 boys examined who were free from ailments. Out of 333 girls examined, 51 had no defects.

Detective teeth proved the worst menace. Miss Revett found 379 cases where dental attention was needed. Tonsils needing care came next with 103 cases on record. Eighty-six were found to be anemic and 60 were afflicted with adenoids. The report also showed that some effort was made to correct the defects. Corrections were made in 44 cases that have come to the knowledge of Miss Revett.

The following is Miss Revett's report in detail:

Boys	Girls
Teeth.....227	152
Tonsils.....62	41
Adenoids.....36	24
Glands.....2	0
Nasal Obstruction.....1	0
Hearing.....1	0
Vision.....20	13
Anemia.....44	42
Malnutrition.....2	2
Extremities.....2	2
Coffer.....1	3

Examined, no defects.....39  
Number sent to dental clinic, boys 14; girls 19.  
Excluded from school for symptoms of: Sore throat, 2; Small Pox, 1; Impetigo, 1.  
Parents consultations.....17

### Tea For Three

A genuine treat is in store for theatregoers when "Tea For Three" is presented at the Appleton Theatre on Thursday, April 15.

The play itself, the cast and the production are heralded as one of the real dramatic novelties of the year. "Tea For Three" is a comedy in three acts. It is a real human document, a style of writing in which Mr. Meguire may well be said to excel. Abounding in real humor, the play, moreover, bristles with situations that are intensely dramatic.

For Mr. Meguire it may be said in truth that no American playwright, in the past few years, has shown greater facility in the writing of American comedy. His viewpoint is that of the average man in this country, and he has the knack of transferring his way of looking at things to his plays. "Tea For Three" abounds with laughs. It is filled with tense dramatic situations and it moves along through its story rapidly and smoothly. Not a little of the excellence of the play is due to the super cast which will be seen here.

## WHITE PLAGUE TOLL LOWEST IN HISTORY

NUMBER OF DEATHS FROM TUBERCULOSIS IN WISCONSIN IS SMALLEST IN HISTORY

Madison, Wis.—Deaths from tuberculosis in Wisconsin were fewer in 1919 than in any year in the state's history. Comparative figures are contained in the current quarterly bulletin of the state board of health, and show 82.5 deaths per 100,000 population last year. Mortality from tuberculosis for the past twelve years was as follows:

Deaths	Rate per 100,000
1908.....2,509	107.7
1909.....2,546	107.3
1910.....2,404	103.0
1911.....2,405	101.9
1912.....2,382	99.1
1913.....2,328	96.7
1914.....2,435	100.1
1915.....2,310	94.0
1916.....2,242	90.4
1917.....2,397	95.6
1918.....2,319	91.6
1919.....2,108	82.5

According to the bulletin, tuberculosis is still the most frequent cause of death in the United States. It is estimated there are 200,000 such deaths each year, and that about 5,000,000 of these now living in the United States may die from tuberculosis, or about one out of every twenty. Its cost is estimated to be between \$400,000,000 and \$1,000,000,000 each year.

Wisconsin has long held the lead in measures for the eradication of this disease, and her state and county sanatoria are prime factors in education and treatment of the afflicted. The results of this campaign are evident in the present low death rate.

### Meticulous Logic

The ball had gone over the railings, as balls will in suburban gardens, and a small, but unabashed batsman appeared at the front door to ask for it.

Then appeared an irate father: "How dare you show yourself at my house? How dare you ask for my ball? Do you know you nearly killed one of my children with it?" "But you've got 10 children," said the logical lad, "and I've only got one baseball." —Pittsburgh Chronicle-Telegraph.

The salaries of instructors and professors at Harvard have been increased 20 per cent.

## 15,000,000 People

Will be treated this year on Dr. Burkhardt's wonderful plan. He will send you a treatment of Dr. Burkhardt's Vegetable Compound. All druggists. —Adv.

## TURN OUT GAS WHEN YOU RETIRE AT NIGHT

THAT IS THE WARNING ISSUED BY A. K. ELLIS FOLLOWING TWO NEAR ASPHYXIATIONS

The practice of permitting gas lights to burn all night is extremely dangerous and should be discontinued at once in all homes where this is customary.

This was the warning issued to the people of Neenah by A. K. Ellis, superintendent of the Wisconsin Traction, Light, Heat and Power company, and he includes the people of Appleton as well. Last Sunday morning the gas was shut off from Neenah because of trouble while changes were made, with the result that several families narrowly escaped asphyxiation because they had lights burning which were suddenly extinguished, and when the pressure was resumed, emitted fumes into the house.

"A main might freeze, a pipe become clogged, there might be an explosion in the streets or a pipe burst somewhere—in fact there are a dozen things which could happen to temporarily stop the flow of gas," Mr. Ellis declared. "It makes no difference how long the gas is off. An instant is enough to stop combustion of the gas and when it is turned on again there is danger from asphyxiation or explosions unless discovered in a short time. This practice of leaving gas lights burning all night is very dangerous and should be discontinued at once."

## GOTHAM MEASURE HELD AUTOCRATIC

ESTABLISHMENT OF STATE SECRET SERVICE WOULD PLACE PROSECUTION IN HANDS OF MEMBERS

(Special to Post-Crescent) Albany, N. Y.—The New York State Legislature, which has just kicked out five duly elected Socialist members and which is now trying to muzzle the schools of the state, has before it a bill creating a state secret service.

Assemblyman James H. Caulfield introduced it. If the bill in its present form were to become law, there would be little difference in the administration of justice in New York and in the system which used to prevail in Russia. TO REFUSE to obey the order of the head of the secret service or his subordinates in matters affecting inquiries would be punishable by a year's imprisonment, a fine of \$1000, or both.

THE MEMBERS of the secret service would have the power to subpoena witnesses and examine them under oath BEFORE A MEMBER OF THE SERVICE or before a magistrate.

THEY WOULD be able to require the production of books and papers which THEY deemed relevant.

ANY CITIZEN who disclosed the name of any witness examined by the secret service or any information obtained by it would be punished by imprisonment for one year, a fine of \$1000, or both.

In short, the secret police would become prosecutors, judges and executioners.

### HURLEY SHOOTING RESULTS IN FEUD

Hurley—That the feud that occasioned the shooting of Dan Chutich by Nick Catalinich over a month ago is actual, was evidenced by the arrest of Tony Evancovich and George Petanovich, Bessener. They were arrested on complaint made by Rosie Chutich, Dan's wife, charging assault and battery.

The two men, applied at the house at 4 o'clock in the morning demanding to see Dan, who had been removed from the hospital to his home, the wife alleges. When Rosie denied them entrance, they struck her with the butt of a revolver, she says.

The motive is said to be an intent on their part to determine what Dan will do in regard to prosecuting Matt Catalinich for the shooting that sent him to the hospital, with two serious bullet wounds. Nick, the man accused of the shooting, has not been captured.

### FLIP OF COIN GIVES ANTIGO A NEW MAYOR

By United Press Licensed Wire Antigo, Wis.—John Benishek and Charles Haenzel were candidates for mayor. The unofficial count said Benishek won by two votes. The official count revealed a tie. They flipped a coin. Haenzel is now mayor.

When the Danish Prime Minister was called upon to form his first Cabinet in 1909, and his wife, Mme. Mathilde Zahle, became, next to the Queen, the first lady of the land, she did not give up the position she had held for sixteen years as stenographer in the Danish Rigsdag, but continued to report the session. She loved the work and wished to be where the great political issues of the country were decided. Her salary she used to establish a foundation for the benefit of the stenographers of the Rigsdag. Now, after twenty-six years of service, she has resigned.

## FIRST BIG SOCIAL AFFAIR OF WOMAN'S CLUB IS A SUCCESS

MORE THAN 300 WOMEN AND GIRLS AT HIGH SCHOOL "JOLLY-UP" — PLANS ARE OUTLINED

Over 300 women and children of this city were the guests of the Appleton Woman's club at the "Jolly-up" Wednesday night in the high school gymnasium. The crowd was mixed, a large number of high school girls mingling with the older guests, but the informality of the program served to bring them all together.

The affair was given by the Recreation department and its success warrants the giving of many more of its kind. All joined heartily into the spirit of the evening to make the initial event of the department a success.

The program was opened with a walk-around, led by Miss Lead Wildhagen and Miss Mildred Thoms, dancing followed.

A unique idea that entertained the guests was the introducing of the masculine element by presenting half of the guests with "beaus," or more correctly "bobs." Programs were provided and it was the duty of these "bobs" to gallantly bid for dances.

Plans are outlined During intermission, Mrs. Charles Schütz, chairman, outlined the plans of the department. She told of the swimming, dancing, hiking, tennis, and gymnasium clubs which would be conducted by the department. Any one interested was given an opportunity to join any or all of the clubs. Only girls over eighteen years are eligible for these clubs at present, but Mrs. Schütz stated in her talk that an effort would be made shortly to extend the activities to younger girls.

Death is the punishment for house-breaking in Siam.

## This Tells You How to Get Benefit of the Best Senna

Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the very best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally; in fact, senna has been known and used in medicine for more than five centuries. The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to gripe and cramp

which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin the finest Egyptian senna is combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.
